M1988

Fig. 1. 203765 Remote Mounting Bracket dimensions in in. (mm).

INSTALLATION

Installing the Remote Mounting Bracket.

1. Use the Remote Mounting Bracket as a template to mark the two mounting screw hole locations.
2. Drill the pilot holes.

3. Mount the Remote Mounting Bracket using two no. 6 screws.

Mounting the Keyboard Display Module on the Remote Mounting Bracket (Fig. 2).

1. Align the two interlocking ears on the Keyboard Display Module with the two mating slots on the Remote Mounting Bracket.
2. Insert the two interlocking ears into the two mating slots and push on the lower corners of the Keyboard Display Module to secure the Keyboard Display Module to the Remote Mounting Bracket.
