COCHRANE SUPPLY

TOP 50 DISTRIBUTORS 2020

Your Leading **Smart Building Controls** Distributor.

ABOUT COCHRANE SUPPLY

Cochrane Supply & Engineering was founded in 1967 and has grown into a **Leading Smart Building Controls Supplier** offering a massive inventory of products for comfort, safety and security in buildings. Cochrane Supply has also been named one of the Nation's Top 50 HVACR Distributors by Distribution Trends Magazine, and is proud to continue to be your source of building controls products, technology, and information. Representing the industry's top manufacturers, Cochrane Supply's diverse product lines blend innovation and solutions for successful facility management when it comes to HVAC, security, energy, lighting, and more.

The company's customer-centric staff has been connecting integrated building systems to the internet for more than 18 years, staying at the forefront of smart building controls solutions and leveraging the growing possibilities of the Internet of Things (IoT). Whether it's a project for a new building, or a retrofit for a current one, Cochrane Supply is your source for information and building automation controls.

YOUR LOCAL BRANCH

Cochrane Supply is pleased to provide *Products for Comfort, Safety, and Security.* With seven convenient locations, you get access to inventory, hardware support, a highly-trained staff, and a collaborative partnership. The result? The tools you need to functionally integrate, accomplish new functional capabilities, get an edge on your competition, and ultimately, **be successful** in the industry.

SOFTWARE SUPPORT

Cochrane's Software Support Services team has the extensive technical knowledge to provide support and development for a wide variety of hardware and software manufacturers. Services include tech support, software development, software licensing, consultation, news announcements, and much more.

TRAINING NEAR YOU

Through our comprehensive, world-class training programs, you will gain the knowledge you need to succeed. Many of our training classes can be customized and held at your site or in one of our seven training facilities. To view more details, or to browse a list of all upcoming Building Automation Systems (BAS) training courses, visit: www.cochranetechservices.com.
